MASS MEETING CALLED FOR THIS AFTERNOON

A mass meeting has been called for Saturday afternoon, June 24th at four o'clock at the offices of the Hondo Oil & Gas Company for the purpose of discussing ways and means of carrying on a more extensive development of the oil resources of this county.

Following is the call issued by some of the progressive citizens of the community:

TO THE CITIZENS OF MEDINA COUNTY:

In as much as there is now an effort being made in this county to give us a test for oil, gas and other minerals and also artesian water, and as we have been watching the development and the efforts being made by these parties, we, the undersigned, respectfully request the presence of all those who are able to attend a MASS MEETING to be held in the offices of the Hondo Oil & Gas Company Saturday afternoon at 4 o'clock for the purpose of devising ways and means of carrying on this development.

Back in Business.

I wish to inform the good people of Hondo that I am back in business, having acquired the Enterprise Tailor Shop from Mr. Walter McClaugherty, taking charge Monday.

I earnestly request a share of your patronage, promising to give my best attention to all business entrusted to me. Yours to serve,

S. G. CARTER,
Proprietor Enterprise Tailor Shop.

Schweers-Richter.

Mr. Hugo A. Schweers and Miss Mitomi A. Richter were married in the Lutheran church, Hondo, at 4:00 o'clock Wednesday afternoon, June 21, 1916. Rev. A. Falkenberg, pastor of the church, officiating.

The bride is the winsome daughter of Mr. and Mrs. R. W. Richter, was raised in the vicinity of Hondo, and is universally esteemed by all who know her for her many womanly graces.

The bridegroom was born at Quibi but has spent several years in Hondo in various positions of trust, and for the past several months has had charge of rural mail service out of Hondo. He has a host of friends among our people who rejoice with him in his winning so amiable a mate for life's journey.

A sumptuous wedding supper was set for the happy couple and a few invited guests at the Richter hotel, at the conclusion of which Mr. and Mrs. Schweers left on the evening train for a short honeymoon trip to San Antonio and other points east. On returning to Hondo they will occupy their home recently acquired in the Brown-Woods Addition.

The Anvil Herald and a legion of other friends extend felicitations and trusts that their journey down life's pathway may be one of unalloyed happiness.

Base Ball.

Hondo 7, Meier's Pharmacy 5.

The Meier's Pharmacy base ball bunch of San Antonio blew into town Thursday and met the Hondo team in a trial of skill in the national game. The announcement at the top of this article tells the result.

The batteries: Hondo—Delcambre and Windrow; Meier's Pharmacy—Lopez and Brown.

The same teams played a second game yesterday afternoon but it was not concluded in time for us give the result in this week's paper.

A team came down from Mine Tuesday and met the Hondo team on the local diamond. The visitors were entirely outclassed by the home team, the game resulting in a score of about 9 to 2 in favor of the locals.

Recruits Wanted.

San Antonio, Texas, June 20.—The Texas National Guard wants 3,000 troopers within the next seventeen days. Each day the Mexican situation grows more acute and the increase in the militia more imperative.

To facilitate enlistments Texas has been divided into nine zones, each having an enlistment station. Men signed up are sent to San Antonio, the general recruiting depot, where they are assembled, outfitted into service and sent to their divisions. The zone stations are at San Antonio, 2 Austin, 3 Houston, 4 Beaumont, 5 Dallas, 6 Fort Worth, 7 Corsicana, 8 Denton, 9 Marlin. Men desiring to join go to or communicate with their nearest station.

"We need men and we have got to have them," said Lieut. W. S. Birge, Company F, Second Infantry, Texas Organized Militia, who has charge of the San Antonio recruiting station. "The people of Texas apparently are not aware of the seriousness of the situation. This is shown by the slowness with which enlistments are made. General Funston, who is thoroughly conversant with the state of affairs, is virtually tearing his hair for more men. And he wants Texans, especially. No Mama's boys or powder puff Johnnies need apply."

Able bodied men, preferably single men, aged from 18 to 35 years are wanted for all branches of the service, the cavalry, the infantry, and the artillery. Teamsters, wheelwrights, blacksmiths, harnessers are wanted for the supply companies. Suitable machinists are wanted for the machine gun companies. Medical students, pharmacists, male trained nurses are wanted for the field hospitals and sanitary units. Trumpeters and other musicians are wanted for the Third Infantry band. Applicants can select the branch of service they care to join. Extra pay is given to artisans and mechanics. Equipment is now ready for all.

Men joining the Guard now have opportunities for rapidly rising in the ranks. In two years they have the right to ask for an examination for a commission. If the army is to be increased from 100,000 men to 250,000 men, many more officers will be necessary. The men have prospects of seeking foreign service immediately. The rigorous military training gives physical development obtainable in no other way. The experience gathered from rubbing shoulder to shoulder with men in the militia, from all walks of life and of all nationalities is of inestimable value.

Everything is provided for the soldier—food, clothing, lodging, salary, leaves of absence, furloughs, pensions for injuries received in service, and retirement pensions.

"A patriotic duty to enlist attaches to every able bodied man," continued the lieutenant. "In 1836 Texas, a weak unorganized community, wrested from the powerful Mexican government of that time, a place for itself among the republics of the world. Texas now organized, wealthy, thickly populated, is menaced along the border by marauding bandits and soon, probably, by organized military forces. Texas must not be caught off guard. This great state, won for us by our heroic forefathers, must be defended, and it is up to the men of Texas to do their part. Texas regiments in the volunteer service must be recruited at once up to war strength. Texans are bound not only by pride but by duty to protect our own people. We can not wait for the men of New York and other states to protect us. Men who have inherited the traditions of the Alamo and San Jacinto are able to protect themselves.

The sense of patriotic duty is alive among our people, but the danger to lives and property is not appreciated. Our young men must wake up and prove themselves worthy of Texas traditions.

Three thousand men are wanted in the next ten days.

The state expects every man to do his duty.

Won't you do your part?

Mrs. P. L. Crain Entertained.

On Tuesday afternoon Misses Ellene and Pansy Cowan entertained in honor of their guest, Mrs. P. L. Crain of Hondo, at their home on 219 West Wood street.

In the reception hall and living room shasta daisies and ferns were very effectively used as decorations.

When the guests arrived the tally cards were passed and several interesting games of progressive forty-two were played, after which the hostess served a delicious ice course.

Those present were: Mrs. P. L. Crain, Misses Jennie Camp, Maud Burke, San Antonio, Lex Couch, Coral Cowan, Mary and Anna Lee Lewis, Mary Belle McGee, Myrtle Park, Ivey Peel, Evelyn Davidson, Estelle Nixon, Lucy Waldo, Lucy Buford Henderson and the hostess. —San Marcos Record.

Mrs. John L. Moore Dead.

Mrs. John L. Moore, who lived a few miles south of town, departed this life at 2:45 yesterday morning, after a protracted illness, her death resulting from Bright's disease.

Mrs. Moore was a native of Hughes Springs, Cass county, Texas, but she had been a resident of this section for several years.

She was married to John L. Moore about twelve years ago, who survives her, no children being born to the union.

The funeral occurred at 4:00 o'clock yesterday afternoon, interment being made in the new cemetery.

To the afflicted husband the Anvil Herald extends condolence in his irreparable loss.

W. D. Love Announces.

To the Voters of Medina County, Texas:

In compliance with the earnest solicitations of many persons throughout this Judicial District, as well as my own inclinations, I have announced as a candidate for the office of District Judge of the 38th Judicial District of Texas, subject to the action of the Democratic Primaries.

It will be impossible, and I believe unnecessary, for me to see, personally, all the voters of the district, as I am known, at least by reputation, throughout the District.

If elected, I pledge faithful service, an impartial, energetic, yet courteous treatment to every person coming before the Courts of the district.

I respectfully solicit your vote, and influence.

To supply a definite need—
with definite finality

Where the family purse cannot afford a big expensive car—

Where the family pride cannot afford an unsightly, little, uncomfortable car—

There the \$875 Overland supplies a definite need with definite finality. The \$875 Overland proves conclusively—

That beauty is not necessarily a matter of size—

That size does not altogether control comfort—

That the small, comfortable, beautiful, economical car is not an impossible ideal—

That to succeed where all had failed simply required the broader experience, the unmatched facilities, the more highly developed skill of the Overland organization.

And here is the small, comfortable car—a beauty—complete to the last detail—inexpensive—economical—another and greater Overland success.

Its performance is on a par with its beauty, comfort and completeness.

And its price—\$875—is far below any former price for any completely equipped automobile—regardless of appearance or comfort considerations.

A glance at the car impresses you immediately with its beauty and finish.

As you look it over and read its specifications, you realize its absolute completeness.

But you must ride in it to appreciate its comfort.

You must drive it to get the thrill its performance will give you. You can own one of these cars.

But not promptly—for naturally no car was ever in such demand.

In spite of record productions and advancing prices, there is a shortage of cars.

The demand naturally centers on top class at bottom price—this small light car.

And no other car at anywhere near its price can compare with this one for beauty, performance, completeness and economy.

Get in touch with the Overland dealer today—now.

TOTE YOUR OWN PACK

ADVISES REV. C. B. MITCHELL, CHICAGO, REGARDING LIQUOR QUESTION

EACH ONE IS LIABLE

Don't Shift Responsibility to State, Says He—Every Man Is the Master of His Destiny and Drinking Is An Individual Matter

Whether the state or the individual shall take precedence in the observing of temperance in drinking has been debated, with much fervor, for years. Inasmuch as seven of the nineteen prohibition states were voted "dry" by the Legislature and not by the people, the following from the Chicago Examiner may be apropos:

"Bear Your Own Pack."

The Rev. Dr. Charles Bayard Mitchell, pastor of St. James' Methodist Episcopal Church, preached yesterday on "Bear Your Own Pack." He said: Paul is here saying that every man shall bear his own burden. That means that he shall stand on his own feet and "bear his own pack." The chief burden each one of us has to carry is his own responsibility to God. That burden is peculiar to each man.

God never made two men alike. One of us is enough. God makes men like the Swiss make a watch. Each part is made for some particular watch. The parts do not fit other watches. The parts are not interchangeable. Every man has his own peculiar curve. You must bravely accept your individual responsibility. It is this which constitutes a man's true dignity and worth.

"Victims of Necessity."

There are three forces working to break down one's sense of personal responsibility to God. The first is a current philosophy which undertakes to explain all there is in human life in terms of force and matter. We are what we are by force of natural laws, over which we have no control. We are victims of necessity. Heredity and environment account for all that we are. It teaches that man is not the arbiter of his own destiny.

We must resist such philosophy. We are not so identified with nature as to make her responsible for our conduct. Each is the master of his own destiny, and the arbiter of his own fate.

A certain type of ecclesiasticism assails our highest manhood by taking away our personal responsibility. No church dare assume the contract of saving any man's soul. No clergyman can relieve us of the burden of our conscience and our will.

State is Overburdened.

There is a modern notion that legislation can do for a man what God teaches us can be done only by the individual soul. More and more the tendency is to put the responsibility on the state. Protection, property, education, transportation, light, heat, water and old age pensions are relegated to the state. True, the state must do some things. But a political paternalism that destroys personal responsibility is a positive evil.

A type of modern socialism puts all the blame on bad social conditions. Men grow less religious as they grow more possessed of this world's goods. We can not excuse our drunkenness because the state has gone dry. Each man must bear his own burden.

The Two Orders.

Business Manager—Well, how many orders did you get yesterday?
Traveler—I got two orders in one place.

B. M.—That's the stuff! What were they?
T.—One was to get out and the other was to stay out.

A Correction.

Friend (addressing to compliment)—I heard somebody say the other day, Mr. Naggs, that your wife was a fine conversationalist.

Naggs—She's nothing of the sort.
Friend—No?
Naggs—She hates conversation. She's a monologist.

Important Inquiry.

"Father," said the small boy, "couldn't George Washington tell a lie?"

"That statement has been seriously made, my son."

"Well, what did he do when his folks had unexpected company and he was told to say he didn't want any pie for dessert?"

Hopeful Future.

"To tell you the truth," said the man who is ostentatiously cheerful, "the hotter the climate is the better I like it."

"I envy you and your calmness of mind," replied the sardonic person, "and trust, for your own comfort, that your ideas of future punishment are strictly orthodox."

Helpful Words.

From a Hondo Citizen.
Is your back lame and painful?
Does it ache especially after exertion?
Is there a soreness in the kidney region?
These symptoms suggest weak kidneys.
If so there is danger in delay.
Weak kidneys get fast weaker.
Give your trouble prompt attention.
Doan's Kidney Pills are for weak kidneys.
Your neighbors use and recommend them.

Read this Hondo testimony.
Thos. McCall, carpenter, Hondo, says: "A short time ago I came down with an attack of kidney trouble. I had a severe backache so that I could hardly stoop over or lift anything. My back pained all the time and made it difficult for me to do my work. Doan's Kidney Pills, procured at Windrow's Drug Store, helped me right away and two boxes removed the trouble. I am glad to recommend Doan's Kidney Pills to others suffering from disordered kidneys."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McCall had. Foster-Milburn Co., Props., Buffalo, N. Y.

Some fellow writing for a New York paper suggests that all criminals be sent to an island up near Alaska. The trouble with this plan is that it would encourage crime. During the summer months the stout people of the country would trample upon the law just to get the "punishment."—Claude Callan in Fort Worth Star-Telegram.

Teething babies always have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach is disordered, bowels loose and the body uncomfortable. The best help you can give the little sufferer is McGee's Baby Elixir. It corrects sour stomach, cools and quiets the bowels and helps digestion. Price 25c, and 50c per bottle. Sold by W. H. Windrow.

Percy Noodles says that when the capitalist's daughter wrote from the sea shore that she was going into the water every day he wired her to remember that submarines have periscopes.

If you have the itch, don't scratch. It does not cure the trouble and makes the skin bleed. Apply Ballard's Snow Liniment. Rub it in gently on the affected parts. It relieves itching instantly and a few applications removes the cause thus performing a permanent cure. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

Possibly it would be better otherwise, but up to this time nice presents and plenty of them are about the best means of proving to friends that you remember and love them dearly.

A regular morning operation of the bowels puts you in fine shape for the day's work. If you miss it you feel uncomfortable and cannot put vim into your movements. For all bowel irregularities Herbine is the remedy. It puts the system in fine, vigorous condition. Price 50c. Sold by W. H. Windrow.

The chief grievance the Mexicans have against Uncle Sam is the fact that he hasn't thrashed them recently. —Fort Worth Star-Telegram.

A bilious, half-sick feeling, loss of energy, and constipated bowels can be relieved with surprising promptness by using Herbine. The first dose brings improvement, a few doses puts the system in fine, vigorous conditions. Price 50c. Sold by W. H. Windrow.

There are some men in this community who never will be able to support a family as long as whiskey sells for four dollars a gallon.

Children that are affected by worms are pale and sickly and liable to contract some fatal disease. White's Cream Vermifuge expels worms promptly and puts the child on the road to health. Price 25c per bottle. Sold by W. H. Windrow.

Mexico has too many men who would rather fight for their country than work for their families. —Fort Worth Star-Telegram.

EGGLESS DISHES.

With eggs soaring higher and higher these days we must of necessity curtail their use, and yet the family must have the sweet things and be supplied with a variety. A most delicious pudding, which needs long, slow baking, is this:

Rice Pudding.—Take a fourth of a cupful of rice, a half cupful of sugar and two quarts of rich milk with a half cupful of raisins or a few sliced sweet apples, put into a baking dish and set into the oven. Stir often for the first hour or two, then let it brown. Bake for three hours. This is delicious without sauce, but a hard sauce flavored with nutmeg makes it a dessert liked especially by the children and is a most wholesome one for them.

Molasses Cookies.—Take a cupful of shortening, a cupful of molasses and a cupful of brown sugar. Heat in a saucepan until well mixed, then add ginger or other spices to taste, a half teaspoonful of soda, dissolved in a little hot water and flour enough to roll out. If the mixture is cooled well before rolling it will handle better.

Apple Sauce Cake.—Take a cupful of brown sugar, a half cupful of shortening, a cupful of unsweetened apple sauce, made from cooked apples, a cupful of raisins, chopped, two teaspoonfuls of cocoa, a teaspoonful of cinnamon, a half teaspoonful each of cloves and nutmeg, two cupfuls of flour, sifted with a half teaspoonful of soda, and one teaspoonful of baking powder. Bake forty minutes in a shallow pan. This makes a good dessert served with a lemon sauce or any desired flavor.

Winter Shortcake.—Prepare a rich baking powder biscuit dough; make two cakes, rolling thin, spread one with butter and place the other on top, then when baked they are easily split without making them heavy. Use canned peaches, sliced oranges, or bananas or any fruit desired. Serve with cream and sugar.

This same biscuit dough rolled thin, sprinkled with brown sugar and nuts, rolled, then cut like cinnamon rolls and baked are delicious little cakes for tea.

VARIATIONS IN DRESSINGS.

The simple French dressing made with three tablespoonfuls of oil to one of sharp vinegar, a dash of cayenne and powdered sugar and a teaspoonful of salt may be added to as to flavor by a few finely chopped stuffed olives.

For cucumber salad a hard cooked egg, minced fine, added to the French salad dressing is especially good. Chopped chives and dressing served on cottage cheese is another good combination.

Chili sauce, tabasco, Worcestershire, catchup of various kinds are all good in French dressing.

Pineapple Dressing.—Mix all of the following ingredients in a double boiler and cook until thick: two egg yolks, two tablespoonfuls of sugar, one-half of flour, and one-half cupful of pineapple juice. When serving with a fruit salad thin with cream or condensed milk.

Boiled salad dressing is very good on cottage cheese.

Chili Dressing.—Make an ordinary French dressing as above, add a few drops of onion juice, get this by scraping with a spoon the cut side of an onion. When ready to serve, add finely chopped green peppers and enough chili sauce to color the dressing a rich red. Shred cabbage very fine and mix with the dressing.

Thousand Isle Dressing.—There seems to be as many varieties of this dressing as there are islands. To a mayonnaise dressing add whipped cream, chopped parsley, stuffed olives, hard cooked eggs and chives. Pour over head lettuce.

Some mashed Roquefort cheese with seasonings added to French dressing on head lettuce.

For mayonnaise the chief success in its making is that dishes and ingredients are well chilled with ice, otherwise the dressing separates.

Mustard is liked with meats and vegetables, but is not used in fruit salad dressings. Many other combinations will occur to the cook who is thinking about attractive dishes.

JURY AND POLICE RUSHED IN IOWA

Many Reports of Bootlegging Come From All Parts of the State

The Register and Leader of Des Moines (Ia.) reports in indictments for bootlegging of persons by the Story county grand jury.

The Story county grand jury, which completed its work last week, brought in ten indictments for bootlegging, seven indictments for gambling, one each for breaking and entering and assault with intent to commit manslaughter.

Since last spring there has been an organized gang of liquor peddlers in Story county and it was only a few weeks ago that the so-called leader was caught and haled into court.

The peace officers have worked hard night and day to stop the selling of liquor and gambling, which has become so prevalent, and it is hoped that the last bunch of indictments brought in will thoroughly clean up Story county. The majority of the men indicted are already in custody and will be given trials at the present term of court.

OLD LONDON CITY VERY TEMPERATE

Only One Conviction a Day For Population of 1,500,000

An Associated Press dispatch from London says:

In the area of London known as the "city," which was formerly surrounded by the walls of London, and is now the financial center with only a small residential, but a large working population, there is only one conviction a day of drunkenness out of 1,500,000 persons. This statement was made at a meeting of the City Council by Sir A. Bower in behalf of the 420 licensed bars contained within these limits. His figures were based on police court records, and an estimate of the number of persons working in the city during the day. There are only about 20,000 actual residents.

For adults and children. 50c.

Our idea of a vain man is one who would rather skid in a big automobile than ride in a little one.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 25c.

The g. o. p. is very weak, but still refuses to eat out of the hand that spanked it.

Bilious Attacks.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. Obtainable everywhere.

Every good man has his own troubles and somebody else's troubles besides.

Greatly Benefited by Chamberlain's Liniment.

"I have used Chamberlain's Liniment for sprains, bruises and rheumatic pains, and the great benefit I have received justifies my recommending it in the highest terms," writes Mrs. Florence Slife, Wabash, Ind. If you are troubled with rheumatic pains you will certainly be pleased with the prompt relief which Chamberlain's Liniment affords. Obtainable everywhere.

Sometimes it is the big man who comes out at the small end of the horn.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This is a remedy that every family should be provided with, and especially during the summer months. Think of the pain and suffering that must be endured when medicine must be sent for or before relief can be obtained. This remedy is thoroughly reliable. Ask anyone who has used it. Obtainable everywhere.

Corn is beginning to shoot. Let us have peace.

Restored to Good Health.

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere.

Private security is public welfare.—Bartol.

Stomach Troubles.

Many remarkable cures of stomach trouble have been effected by Chamberlain's Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price 25 cents. For sale by All Dealers.

is essential to health, comfort and appearance. Have you ever noticed a strained look on your face? Usually this comes from eye-strain. More wrinkles are caused by eye-strain than by old age. Headaches caused by eye-strain cannot be cured by medicine, it depends upon optical skill of the optometrist who prescribes the glasses. Having had 16 years experience in Medina County assures you of satisfaction.

Made My Life Worth Living

"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap, of Oak Grove, Mich. "I have suffered with pains in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Tablets. I got a bottle and in a few days they soon opened up my stomach, and my bowels became more regular. Today I feel like praising them to all who suffer as I did, for they have cured me and made my life worth living."

Last Tuesday, "Clean-up Day" in Hondo, while not as generally observed as it should have been, was by no means a failure. A lot of weeds were cut and burned or carted away, and other sanitary condition looked after.

It is hoped, however, that the next clean-up day will meet with a more uniform observance than the one just passed.

Miss Ada and Grace Miller, Catherine Elliot and Floyd Forrest of San Antonio, who were the guests of Mr. and Mrs. Frank Cockrell last week, returned home the first part of this week. While here the Cockrells took their guests to the Medina Lake for an outing. Miss Grace had just returned from the College of Industrial Arts, Denton, while Miss Ada and Catherine were students in the State University. From the class room to an outing on the lake doubtless proved a pleasure that will linger as a pleasant memory for many days to come.

The Anvil Herald is in receipt of information from the Commissioner of the General Land Office that the list of the public lands that will be put on the market September 1st, 1916, comprising about 4,500,000 acres, is now in the hands of the printer. These lists will be ready for distribution about July 1st. These lists are for free distribution and any one desiring a copy can address J. T. Robinson, Commissioner of the General Land Office, Austin, Texas, who will be pleased to furnish you a copy of the list. You can make application any time now and your name will be filed away and a copy of the list sent you as soon as ready for distribution.

Rev. and Mrs. J. T. Horger returned the first part of the week from Leakey where, in connection with Rev. Gentry of Salsburg, Mr. Horger had been conducting a protracted meeting of the Nazarene church. Mr. Horger reports a very interesting meeting, but owing to the fact of the people being in the midst of harvesting detracted somewhat from the meeting. Mr. Horger says crops in the hill country are somewhat better than in the vicinity of Hondo. He says the oats crop between Salsburg and the mountains are fine, and cover a large acreage, being the principal crop of that section. He says the milo and millet crops are promising, as well as the cotton, the average planted to this last crop, however, being rather limited.

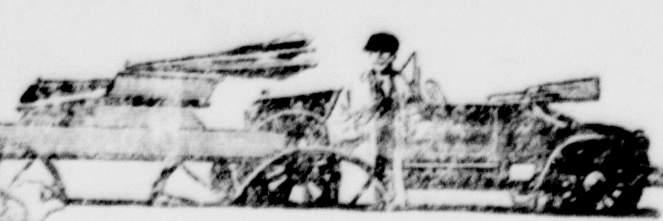

The June Fourth celebration of the colored people of Hondo Monday was a rather enjoyable occasion despite the fact that the weathermen were rather scarce. The celebration partook somewhat of public held out on the street. As a rule good order prevailed, only one arrest being made. This exception, indulging a little too freely in his pipe, imagined himself a holy terror, being waiting for ammunition, the medium employed being a pistol. He was landed in the "jungle," and with more the honors of a prisoner explained to him by the court, and the admonishment that if he wants to burn gun powder there is a fine opening in the army just now, the remarks being embellished with some pedantic as a numerical consideration as a pointer to the wounded dignity of the state, will probably cause this one offender to be a member June Fourth, 1916, for a long time to come.

"SAXON SIX"

A big touring car for five people
5000 Spectators See Saxon "Six"
Win Against High-priced Cars
at San Diego Exposition

Before 5000 enthusiastic spectators, a stock Saxon "Six" captured two firsts and a third place, and won the most points in the demonstration contest just held at the San Diego Exposition Motor Demonstration Show. Although exceeded in both power and number of cylinders by higher-priced entries, the Saxon was the only car which won the trophy in two events. The performance of the Saxon was so convincing that a spectator bought and paid for the victorious "Six" on the Exposition grounds and, without waiting to get it cleaned up, drove the winning car home.

The hill climb, which the Saxon won, was one of the most gruelling ever staged. Contestants in this event were required to drive down the fifty-five per cent grade of Exposition hill and up the thirty-five per cent pitch. Then the drivers were obliged to turn around and reverse the order of descending and climbing. The Saxon not only made the best time, but

was one of the few cars able to reach the top of the fifty-five per cent grade.

More expensive cars were defeated by the Saxon in the relay race. She Saxon romped around the track in fast time, winning the award of the judges, the applause of the assembly and five additional points.

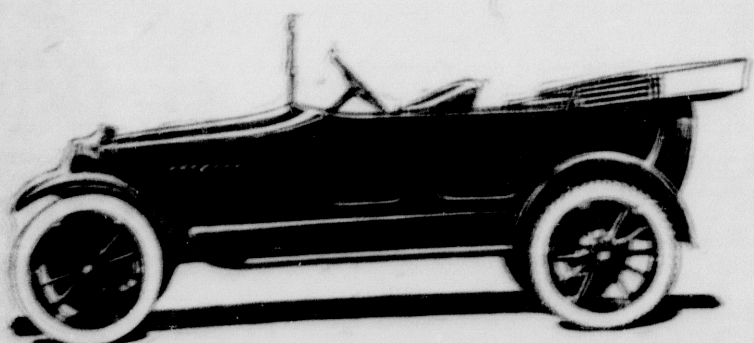

Then, just to demonstrate its flexibility in the quick "get-away" event, the Saxon won an even break with a higher-priced machine for third. The time of one twelve-cylinder and two eight-cylinder cars was bettered by the Saxon.

Probably no stock car has ever given a better demonstration than the Saxon gave at the San Diego Exposition—First in the hill climbing, proving ample power; second in the relay, showing high speed, and third in the quick "get-away," completing the remarkable showing of the car. Let us arrange a demonstration at your convenience. Saxon "Six" \$815, L. C. S. Detroit.

WHARTON, COLORADO AND DEWITT.

The ground throughout this section is planted to cotton and corn; some Irish potatoes, and some of the early of these being now harvested, in a fair condition and crop. Some peanuts, but not as bountiful as they should be. Melons of fair quality coming into Yoakum today.

COLLIN, DENTON, DALLAS AND GRAYSON

The wheat crop is good, 100 percent or more of last year. The dry weather of May has made fine grain. Corn, 100 percent of normal; cotton, 85 percent of a good stand, all worked or plowed out; very dry in Collin county. The gardens are needing rain. Wheat cutting is in full blast in all parts of the county, with the bull tractor pulling the binders—something new under the sun.

UPSHUR COUNTY.

Weather conditions good. Cotton and corn growing fine as are food and forage crops. I find in my work this week that ample feed crops have been planted in the southern part of Upshur county to take care of the people's needs another year, and with a little more rain in this month, it will mature a full crop. I also find fine gardens and plenty of chickens; in fact, it seems to me that the farmer is trying very hard to produce the largest end of his living at home. The peanut crop has been increased over last year.

GREGG, UPSHUR, CAMP AND MORRIS.

In Gregg county corn, 75 percent; cotton, 85 percent; sweet potatoes, 90 percent; oats, 60 percent; peas, 90 percent; peanuts, 95 percent; ribbon cane and truck crops, 85 percent. In Upshur county corn, 70 percent; cotton, 85 percent; potatoes of both kinds and all truck crops, 80 percent. In Camp county corn, 75 percent; cotton, 80 percent; ribbon cane and all truck crops, 75 percent. In Morris county all crops will average 85 percent. In some parts of Upshur and Camp and the southern part of Morris,

WORRY, DESPONDENCY.

Kidney Disease is suspected by medical men when patients complain of backache or suffer with irregular urination, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains or neuralgia, headaches, lumbago, irritability, despondency, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Many of your neighbors have testified to immediate relief from these symptoms after using Dr. Pierce's Anuric Tablets for kidneys and backache. Druggists in town are now supplied.

From personal observation in large hospital practice, Dr. Pierce knows "Anuric" will give you speedy help if you are suffering from uric acid trouble and to show his faith send 10c. to Dr. Pierce, Invalids' Hotel, Buffalo, and you'll receive a large trial pkg. of "Anuric." "Anuric" dissolves uric acid as hot water melts sugar and Dr. Pierce has thoroughly tested it in his hospital and found it 37 times more potent than lithia.

Lacoste Ledger News.

June the 9th the Annual celebration of the Patronal Feast of St. Mary's Church was celebrated with Solemn High Mass, at which Rev. Father Wack of New Braunfels was celebrant with Fathers Heckmann of Castroville and Bauer of Selma as deacon and sub-deacon respectively.

Mr. R. D. McKaig of Pearson and Miss Mayme Reicherzer of Lacoste, were quietly married at St. Mary's Rectory of this city Wednesday afternoon at 5:30 o'clock p. m. Rev. John Heintzner performed the nuptial ceremonies. Only a few intimate friends were at the wedding.

Frank Salzmann and family, Lee Bush and family, Henry Salzmann and family and Ed Mann and family were out at Neonan to attend a celebration at Joe Salzmann's Sunday.

We wish to call the attention of our farmers to the fact that on July 17th, the State Farmers Institute will meet at Austin. We have here a Local Farmers' Institute, also a Home Economics Club and each is entitled to representation and free transportation to the meeting place. Therefore wake up and act immediately so that credentials can be sent in time to the State Department of Agriculture and attend the meeting and learn all you can. Telling at the same time to those benighted Easterners how we are farming at Lacoste.

Hubert Zuercher from Castroville was here for the Bank meeting Tuesday.

Mr. and Mrs. Frank Keller and family were visiting relatives at Castroville Sunday evening.

Joseph Courand and Mr. Conover from San Antonio came out Tuesday. Mr. Conover is going to put the Gin in running order.

We have learned that Miss Heien Jungman of this town has been successful in procuring a Medina County Teacher's Certificate. As far as we know Miss Jungman is the first young lady of our town who has acquired the teachers' certificate and her friends congratulate her that her efforts were crowned with success. The Ledger wishes her much enjoyment, as well as success in her newly acquired profession, as well as unbounded promotion.

Good Roads Congress.

Arrangements are rapidly going forward for the Good Roads Congress that is to be held at Medina Lake, San Antonio, in August. The Committee in charge expects to hear soon from Senator Bankhead, Postmaster General Burleson and Senator Morris Sheppard, who have promised to take part in the programs, as to the dates that will best conform to their convenience. The general opinion is that Congress will have adjourned by August, and barring the unforeseen, delegates and visitors present at the meeting will have the unusual opportunity of talking to and hearing these men who have seen the wonderful development of good roads sentiment, and the actual construction of thousands of miles throughout the entire nation.

Letters commending the spirit of the Good Roads Congress, and pledges of attendance from good roads enthusiasts from all sections are being received every day by Secretary D. E. Colp, who is also Secretary of the Texas Good Roads Association. It is very probable that every good roads organization in the Southwest will be represented in the meetings and on the programs. With such an array of acknowledged road builders it is believed that the meeting at Medina Lake will attract one of the greatest gatherings of progressive, constructive citizens ever assembled in the South.

San Antonio's leading hotel managers have been placed on a "Housing Committee" and the plans are to erect screened-in tents with wood floors and the necessary conveniences of comfort, which will be rented at reasonable figures. Attention is also being directed toward adequate eating facilities. Any delegate or member, who wishes, can bring along his fish line and catch enough fish every morning before breakfast to supply his appetite for the day. The fisherman can do his own cooking or he can have it done at nearby restaurants. Every effort is being made to make the stay at Medina Lake a genuine pleasure.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh of the Eustachian Tube, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Such tobacco enjoyment

as you never thought could be is yours to command quick as you buy some Prince Albert and fire-up a pipe or a home-made cigarette!

Prince Albert gives you every tobacco satisfaction your smoke-appetite ever hankered for. That's because it's made by a patented process that cuts out bite and parch! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

has a flavor as different as it is delightful. You never tasted the like of it! And that isn't strange, either.

Buy Prince Albert everywhere tobacco is sold in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that corking fine pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such clever trim—always!

Men who think they can't smoke a pipe or roll a cigarette can smoke and will smoke if they use Prince Albert. And smokers who have not yet given P. A. a try-out certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. Prince Albert tobacco will tell its own story!

Name Your Farm

OCCASIONALLY we get a letter from a farmer on stationery on which is printed his own name and the name of his farm. In some cases we find on the margin, briefly stated, what is being made a specialty of on that farm.

This looks like business, and demands attention at once, for it catches the eye.

The editor of your county paper always stands in need of a bushel of potatoes, a sack of water-ground meal, or some such farm product, and would be glad to swap you some nice printed envelopes and paper to match for these things.

It would pay you to do some trading with this man, who is doing a lot in his way to help you, so next time you are in town talk it over with him. Before giving the order talk it over with the wife and family, and decide on an appropriate, catchy name for your farm and then—live up to it.—President Charles S. Barrett in National Field.

The Anvil Herald's Job Department

is prepared, with a nice assortment of Modern and Appropriate Type and Good Paper, to assist you in carrying out President Barrett's suggestion.

DIED.

Mrs. Josephine Mann (nee Meyer) died at the home of her daughter, Mrs. Mary Halty, at San Antonio. The corpse was brought to Castroville and was laid to rest at St. Louis' cemetery Thursday morning. Rev. Father Heckmann performed the last sad rites. Deceased was born at Wittelsheim, Alsace, Germany, on May 2nd, 1837, consequently was 79 years, 1 month and 11 days old at the time of her demise. She came to this country with her parents while yet a child. In the year 1854 she was happily married to Joseph Mann (who preceded her in death by several years). This union was blessed with nine children, six sons and three daughters, who all survive. Besides these she leaves a very large number of grand and great-grandchildren and one brother and many other near and dear kith and kin to mourn her demise.

Joseph Fischer died suddenly on Thursday afternoon, at his home east of town, and was laid to rest in St. Louis' cemetery on Friday morning. Rev. Father Heckmann again officiating. Deceased migrated from Alsace, Germany, and was in his 73rd year at the time of his demise. His wife (who preceded him in death by many years) was Miss Josephine Dietemann. This union was blessed with four children, three sons and one daughter, of which one died during boyhood. Besides these he leaves several grandchildren and other near and dear relatives to mourn his loss. Large corteges of mourning relatives and friends escorted the remains to their last resting places. We join in sympathy with the bereaved and grief-stricken families. R. I. P.

Miss Virginia Wernette of Biry visited her sister, Miss Lorine Wernette, here Sunday.

Mr. Jul. Jagge and Miss Millie Burell were married in San Antonio the first of the week.

Mr. and Mrs. Josie Wernette and Miss Josie, Mrs. Frank Grimsinger and daughters, Minnie and Frankie, and son, Carl, Mrs. James W. Galbreath, Mrs. Pauline Dingel of San Antonio and Mr. and Mrs. J. B. Wernette Jr. of Del Rio, attended the birthday celebration of Mr. J. B. Wernette Sr., Sunday at the home of Mr. and Mrs. William Kihn. Mr. Wernette is 81 years old and is enjoying good health.

A Laxative Blood Cleanser.

Don't put off taking a treatment of Po-Do-Lax. Your system needs a cleanser and tonic—nothing like Po-Do-Lax to purify the blood, gently move the bowels and stimulate the liver to healthy action. The first dose releases the accumulated poisons. It is a laxative tonic for young, adult and aged. Its mild non-gripping action commends it to delicate women. Guaranteed—a trial will convince you. Get a bottle to-day.

At the Medina Dam.

The Chairman of our Good Roads Committee in Washington, D. C., has advised us that Senator Bankhead, author of the \$85,000,000 Federal Aid Good Roads Bill has promised to attend the Good Roads Congress at Medina Lake, San Antonio, in August, provided Congress adjourns in time; or if he is not tied down on some Bill he will come anyway.

Postmaster General A. S. Burleson, and Senator Morris Sheppard have both agreed to attend if they were not tied down, but suggested that they be given a little more time to make a positive date, and on this account we will hold the date open for a short time.

Nearly all the Good Roads Associations in Texas have agreed to hold a joint Convention at Medina Lake in August. This will be the largest Good Roads meeting ever held in the South and will last three or four days. Zavalla County will send 100 autos, La Pryor will have her Brass Band, Col. Ike Pryor will give them a Banquet on their arrival in San Antonio.

Boque County will send a big delegation, possibly 30 or 40 autos, and Walnut Springs is considering bringing the Famous Band from that town, that made such a "hit" at the last Annual Meeting of the Texas Good Roads Association at Taylor. Maybe others will try to "go" them one better. It wouldn't be bad if we had a dozen or so fine bands like these to furnish music during the Convention. We would almost put on a "Band Convention" at the same time.

You can say to your people that an auto line will be in operation from San Antonio to the Lake and the fare will not be more than regular railroad fare.

A great many will come by railroad and we will see that they get good service and every courtesy shown them.

Remember, plenty of fishing, bathing, boating, etc.

Will My Child Take Dr. King's New Discovery?

This best answer is Dr. King's New Discovery itself. It's a pleasant sweet syrup, easy to take. It contains the medicines which years of experience have proven best for Coughs and Colds. Those who have used Dr. King's New Discovery longest are its best friends. Besides every bottle is guaranteed. If you don't get satisfaction you get your money back. Buy a bottle, use as directed. Keep what is left for Cough and Cold insurance.

At a recent National Convention of Labor Unions held in California and presided over by President Gompers, it was disclosed that the annual production of farm, orchard and ranch products amounted to \$12,000,000,000, the producers receiving \$6,000,000,000 as their portion and the middleman reaping \$7,000,000,000 for his undeserved share. Realizing that the membership of labor unions constitutes the majority of consumers a resolution was offered and passed that the union join hands with the producers to the end that some relief might be obtained that would forever relieve them of the parasite who grows rich upon the difference paid by the consumer and the price the producer receives.

DEMOCRATIC CONVENTION SIDELIGHTS

One of the most interesting features of the recent Democratic convention at St. Louis is the fact that it took lovely woman to force the only roll call demanded on the national platform, as well as to inspire the only real excitement that marked the convention.

"Votes for Women" was the issue that stirred up things. The Mexican plank, nailed in at the last minute by the platform builders, did not create a ripple. "Americanism" and "preparedness" received polite ovations, but it remained for the woman suffrage plank to start a real fracas.

Headed by Gov. Ferguson of Texas, the anti-suffragists endeavored to wrench the suffrage plank from the platform. But President Wilson's feelings on the subject, as presented to the convention by Senator Walsh of Montana, were not to be ignored. And so, after a three-hour battle in which the term "political expediency" was used with telling effect, the anti-suffragists were routed by a vote of 888 1/2 to 181 1/2.

The vote, however, does not tell the real story of the battle, which was one of the most vigorous and picturesque ever staged at a national Democratic convention. Fifteen women delegates fought from the floor on the side of the pro-suffragists, while hundreds of their sisters waved yellow pennants and cheered them on from the balconies. A thunderstorm that almost drowned out the voices of the delegates as they answered the roll call brought both the suffrage battle and the convention to a most melodramatic finish.

THE SUFFRAGE PLANK.

"We recommend the extension of franchise to the women of the country by the states upon the same terms as to men."

It was the above little plank that inspired Gov. Ferguson of Texas to mount the platform in the Coliseum and read a minority report withholding the party support from the ladies who want the vote. That the Democratic party should scorn the political exigencies of the situation and defy the 12 western states in which women vote was the burden of his argument. Sharing the same opinion with him were C. L. Bartlett of Georgia, Stephen B. Fleming of Indiana and "Jim" Nugent of New Jersey, the old-time enemy of President Wilson. This trio signed the minority report with the Texan.

Lined up against Gov. Ferguson, who acted as spokesman for the minority, were Senator Stone of Missouri, Senator Pittman of Nevada and Senator Walsh of Montana.

Senator Walsh did not mince matters in his argument for the adoption of the suffrage plank. He stated plainly the adoption of the plank was necessary as a matter of political expediency, adding that the present political situation in this country was a condition and not a theory.

"The states in which women vote control 91 votes in the electoral college," he said, adding significantly, "every political party has declared for woman suffrage in some way or other. It becomes a simple question whether you will incur the enmity of these women."

"Now, my friends," he continued, "as late as 1907 there were but two states west of the Missouri river that returned Democratic senators and now we have 15 of them. The question is, are you ready to surrender the 15 votes you have in the United States senate and turn them over to your political enemies?"

In conclusion, Senator Walsh said that he revealed no secret when he said President Wilson knew all about the suffrage plank.

"The president believes it vital to his success that it stay in the platform," he said. "I ask you in all the fervor of my soul, who is there wiser or more patriotic than he?"

Following Senator Walsh's speech, Gov. Ferguson was allowed five minutes for rebuttal. The vote was then taken and his minority report voted down, after which the original suffrage plank, as approved by the resolutions committee was unanimously adopted.

The Women Delegates.

The presence of the 15 women delegates at the Democratic convention not only added color to the affair, but changed the views of a number of the men delegates on the subject of political activity for women. For the women delegates were a fine, wholesome-looking lot and they fought just as enthusiastically for the best interests of the party as the men.

Three of them, Miss Mary E. Foy of California, Mrs. T. S. Talliaferro of Wyoming, and Mrs. W. A. Harris of Kansas, spoke before the resolutions committee in favor of the suffrage plank which the National American Woman Suffrage Association presented to the convention.

One of the other delegates, Mrs. Teresa E. Graham, of Idaho, was nominated by the National Democratic committee to be one of the committee that will notify Vice-President Marshall of his nomination.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver
Better Than Calomel and Doesn't
Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful to-night and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

Silent Knight Sleeve Valve Motor.

Do you know that the shape of the explosion chamber has a great deal to do with the power of a motor?

Do you know the advantages of positive valve action?

Do you know the advantage of having valve openings protected from the heat of explosion?

Do you know that quietness of operation is the truest indication of absence of wear?

These and a multitude of other questions pertaining to automobile engines—especially sleeve valve motors—are answered concisely and clearly in a new booklet just published by The Willys-Overland Company—said to be the most complete and comprehensive report ever written on the subject. It has been published for the sole purpose of familiarizing people with the advantages of the Knight type of motor. Mr. Horace M. King, local Overland dealer, has just received a supply of these booklets for local distribution.

The booklet is written in plain, every day English. Any layman can grasp the full meaning of its text. At the same time it contains enough valuable information on the operation and construction of the Knight engine to hold the attention of a mechanical engineer.

Over 200,000 copies of the booklet have been printed and are being distributed. Overland and Willys-Knight dealers, schools, colleges and lecturers are among those who have been supplied with this treatise on the Knight engine. In addition, thousands of copies have been mailed to car owners and individuals who have written to the Overland factory for specific information on the subject.

For years this type of motor has been used practically in all of the well-known cars made abroad. Its virtues and advantages have been thoroughly understood throughout Europe. Since a year ago when The Willys-Overland Company announced its intention of building the lowest priced car in the world equipped with a Knight motor through American quantity methods the demands for this car has rapidly increased. It is this interest of the American public in Knight-motored cars that prompted the Overland Company to take up this educational work.

Hondo to Hear Baldwin.

We are requested to announce that Hon. Harold Baldwin, candidate for the Legislature from the 116th Legislative District, will address the citizens of Hondo and Medina County in the District Court room at the County courthouse Saturday afternoon, June 24th, at 3 o'clock P. M.

Mr. Baldwin will deal with the leading political issues of the day and make plain his position on those issues. It is the duty of every good citizen to inform himself of the position of legislative candidates on issues upon which they may be called to legislate before casting their ballots either for or against a candidate. For this reason all who can should avail themselves of this opportunity to hear Mr. Baldwin.

Remember the place and hour and come out. Ladies have an especial invitation to attend.

Then He Ducked.

Mrs. Bacon—I see it is said that many of the women of Chile are employed as car conductors.

Mr. Bacon—Never would do over here.

"Why not? I'd like to know."

"Why, the rear platforms are crowded enough already by men."

BRITISH BUSINESS METHODS.

"Has your son brought back any business methods from London?"
"Oh! yes. He thinks we ought to serve tea afternoons and that all the stenographers ought to be blondes."

Overlooked.

"Are you the editor of the paper?" asked the lady with the drab spats, calling.
"I am," replied the man with the poised pencil.
"Well, I called to ask if you wouldn't get larger type. My name was in your paper five times last week and a neighbor of mine told me she never saw it."

Nobody Leaves a Fat Man.
Biggins (a man of abundant girth)—The doctor said I need iron.
Badger—Internally?
Biggins—What a question! How else?
Badger—I didn't know but he meant externally in the shape of a hoop or two.

Not Easily Swallowed.
Bacon—This paper says a camera small enough to be swallowed to photograph the interior of the stomach has been invented by a Danish surgeon.

Egbert—Do you believe it?
"Certainly I believe it."
"Well, some people will swallow most anything."

Man of Excuses.
Mr. Crimsonbeak—How long do you suppose it would take to come from the moon to the earth, dear?
Mrs. Crimsonbeak—I don't know and, what's more, I don't care; but if you are going to give that as your excuse for getting home late last night, it won't go."

Perhaps.
Mollie—I see an English inventor has equipped his flying machine with an acetylene flare, which would burst into flame and form a signal should he fall into the sea.
Chollie—But wouldn't that frighten the fliers?

The Soda Fountain An American Institution

Did you ever stop to realize that the soda fountain is as much an American institution as the sausage is a German institution, "French Bread" is an institution in France and the Plum pudding an English institution? And the funny part of it all is that though one seldom sees a soda fountain in Europe (and then only for the sake of attracting American tourist trade) just as soon as a foreigner gets to this country he too seems to learn to love the soda fountain.

But, if you are old enough to look back a few years you will remember that only comparatively recently has the soda fountain been either so popular or so beautiful and hygienic.

You may remember what these old soda fountains looked like—what poor provisions they made to supply even their scanty trade.

What has wrought this great change—what has made the soda fountain a national institution—a comfort and necessity in the daily lives of men and women—not only during the hot summer time but the whole year 'round.

The answer lies in that delicious beverage Coca-Cola. Soon after its introduction at the fountain people began to ask more and more for this distinctive drink.

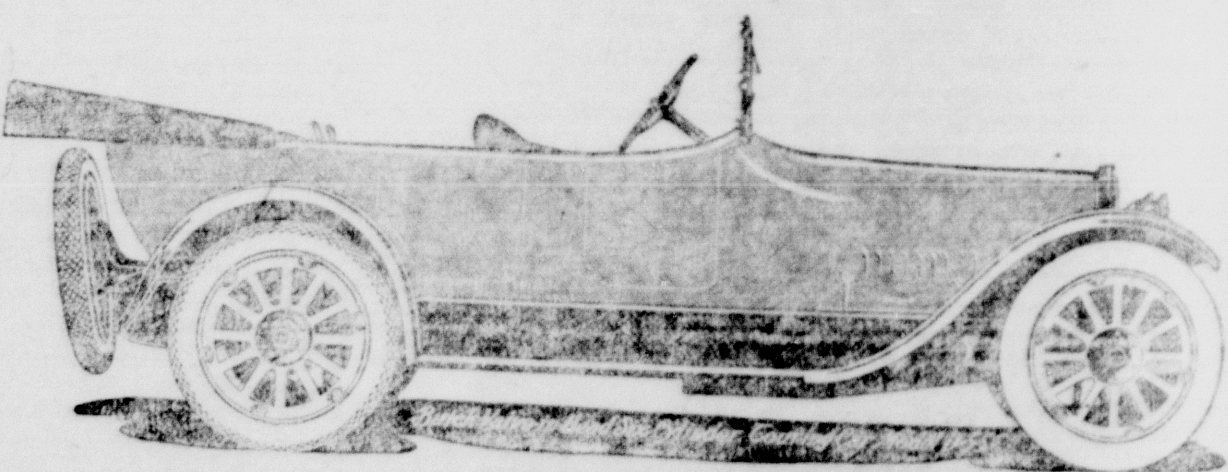

Along with the demand came the demand for more places that would serve it. Soda fountains sprang up everywhere, improving in beauty, neatness and attractive service. It is a fact that the part the soda fountain and all its allied industries have come to play in the economic life of the nation today is due largely to the stimulus given to it by Coca-Cola.

In the same way has the call for bottled beverages grown. In 1899 Coca-Cola in bottles was first put on the market and the same quick recognition and appreciation was accorded to it in this form as

was accorded in the fountain. The same principles of purity, health and deliciousness made another vast record of growth possible. Today Coca-Cola has been established all over the country to take care of the needs of the people.

Just think of it—over 80 million gallons and bottles of Coca-Cola are distributed monthly. So—just as much as in the fountain a national institution is a Cola the National Beverage.

Right Principles and their Public Reward

The motorist who watches the signs of the times is deeply interested in the ever-growing dominance of the road by the Buick.

It is significant of that appreciation which the American public always accords to the pioneer genius who builds consistently on the right foundation principles.

The Buick Valve-in-Head Motor has been proved to be the logical application of power. Power that means swiftness with grace and smooth, dependable action.

Measuring mile by the gallon—it is easy to prove the extra mileage which BUICK engineering obtains from every gallon of gasoline.

This economy is a point of consideration nowadays, when a motor-car, from being a hobby or a luxury, is a necessity in the world's affairs.

Motorists of experience and insight are quick to grasp the long-time investment benefits which a Buick purchase assures.
